第7問 次の英文をよく読んで、以下の問いに答えなさい。

In a big city, there are museums, theaters, department stores, and so on. You can have fun at such places. However, in nature, there are many things which we can't enjoy in cities.

You have climbed mountains at least two or three times, I think. When you went through the forest and reached the top of the mountain, I'm sure you enjoyed the wonderful view. Looking at flowers and listening to the songs of birds are also interesting.

In the river, you can swim and catch fish. However, be careful. The river flows so fast at some places. If you swim there, you can be washed away by the water. The water in the river looks clear, but don't drink it. You may get sick. You should also wear shoes. Stones or other things may damage your feet.

Camping in nature is exciting. You can cook something with your family or your friends. Food tastes better when you eat outside. Spending the night in a tent is nice, too. You can enjoy talking and listening to the sound of insects. Also, the stars at night are excellent. They are brighter and more beautiful than the ones you see in cities.

Like these, there are a lot of fun things in nature. How about enjoying nature on your next holiday?
